Lost, Notices of Meetings, in solid form 25  
words or under for one insertion and a cent  
a word for each word over 25.

EDMONTON BULLETIN, SEPT. 6th, 1901.

## END OF THE STRIKE

The trackmen of the C. P. R. struck on Monday, June 17, for a general increase in the scale of wages which differs in various divisions of the road and for right to treat with the company as an organized body like the engineers, the brakemen, and other orders. The company just before the order to go out was sent over the road, made an increase of ten cents per day to all first men and each section man who had worked a year for the road and special increases to the foremen. The claim was made by the company that the men had not known of these increases when they struck, but the committee of the men declared they had considered it and found it unsatisfactory. The strike in the end resolved itself into a struggle for recognition of the right of the men to treat with the company as a body and this was in effect granted last week as the result of the labors of a conciliation committee of the employees of the road.

The terms of the settlement are as follows:

"The second vice-president and general manager will approve the circulars setting out rates of pay for trackmen, in accordance with his letter of June 12 and also rectifying the rules and regulations governing the employment and services of the trackmen and the end of one year from this date, if the trackmen of the Canadian Pacific railway company will agree to the possible and amicable organization, the company will meet the committee and grant them the schedule, providing, however, that the schedule shall only apply to foremen and first and second men of one year's standing in the company's service. Any schedule shall not be of its conditions shall apply to others employed either on record work or on extra duty, and shall any committee representing the organization at any time interfere or attempt to interfere with the relations between the company and the employees in the maintenance-of-way department to which the said schedule will not apply as above set forth."

"The company will reinstate all the men in their respective places, provided each position has not been filled under promise of permanent duration during the absence of the strikers. In case of positions having been filled the company will give such remaining men preference in filling other similar positions as near to their old locations as possible. This clause is not applicable to those who have been guilty of violence. The fact that the men have been engaged in the strike shall not prejudice their positions once they are restored to the service."

"The company will always be glad to meet any committee of the employees, whether organized or unorganized, on any day or other departments for the purpose of discussing suggestions, and will give any such committee the same advantage under which men may labor or to promote the interests of the company."

## CANADIAN RAILWAYS.

Toronto Sun: Some of the press comments on Mr. Dryden's investment in a South Dakota ranching company seem to indicate a remarkable lack of perspective on the part of the writers on some of our worthy contemporaries. We have been for years building railroads over which the grain of South Dakota and other states has been carried to the seaboard at lower rates than the grain raised by the farmers of Ontario whose money went to build the roads. The very cattle raised in South Dakota are carried from Chicago to the seaboard through Ontario at \$11 per car less than cattle sent from Toronto by the same railroad to the same port. The apples raised by the Michigan farmers are accepted by the Grand Trunk railway for delivery in Liverpool at lower rates than it accepts shipments to Liverpool from points in Ontario east of Toronto. The report of the United States commission of interstate commerce for the year ending with June 30, 1899, showed that the loss of the Grand Trunk on the railways it operated that year in the United States was \$1,135,707, and the report for the following year showed a deficit of \$850,000. These yearly deficits are made up by high rates charged our shippers, and the farmers of Ontario contribute by far the largest portion. The American capitalists who own our iron smelters receive from our mines and above the ordinary profits millions of dollars in the form of bonuses, and one of the companies controlled by these capitalists announce that it will receive during the next six years over \$8,000,000 from the Dominion treasury. Yet these matters call for no more than a passing notice, receive little notice from many journals, which proclaim the investment of \$250,000 in a South Dakota ranching company by Mr. Dryden, an event of national importance calling for public censure.

## A YOUTHFUL ROMANCE.

The Prince Albert Advocate reports that a boy named James Atkin Campbell, aged sixteen, recently threw that town into great excitement by concealing himself for some days and stating on being found that he had been attacked and tied by two men. He afterwards confessed that his story was false. The police have now ascertained, but don't know yet what to do about it.

## PEACE RIVER SURVEYS.

Writing from Peace river on July 26th, C. C. Fairchild, in charge of the government survey party, sent out to survey lands granted to the Peace River Colonization Company, announces his arrival on the scene of his labors.

"At present," he says, "we are camped at Al. Brick's while I am forwarding my outfit to the meridian where the work is to commence. All the farms along the river seem productive and the gardens are indeed a sight to look upon. Potatoes, beets, radishes and even tomatoes grow and ripen here, north of the 56th parallel. The settlement is however, all in the river valley and I doubt if the uplands would be quite as tropical."

The trip out was fraught with difficulties and drawbacks ranging from sink-holes on the trail to small pox with which some of the party became affected. The roads, Mr. Fairchild describes, as being in good shape for the manufacture of mud pies. On the day of leaving Edmonton (this morning) they were stuck in a mud hole about 20 miles out and had to borrow another wagon and go on. The small pox left the party short-handed so travel up the river was slow in consequence. At Slave lake the party was outfitted with horses and the vacancies filled with white men engaged there. "My freighters from the lake to the Landing," Mr. Fairchild writes, "loaded on July 2nd and reached Peace River Crossing, July 15, seventy-five miles in this trip. Of course rain prevented them travelling some days still that is the actual time it took from the day of loading. I went across with a pack train on a saddle horse, in a few days. I expect that it will be after Xmas before I come out, as I find making the journey on the ice unless I get instructions to the contrary."

## A PROMISING OUTLOOK.

Crops in all the communities along the Victoria trail are fully up to those in other portions of the district and give promise of a most bounteous harvest. Wheat cutting began in all the communities last week. Barley has now been nearly all cut and many fields of oats will be cut during the present week. Vegetables of all kinds promise a magnificent yield.

The Galatin settlement at Wustok is fully abreast of others in the matter of crops. One farmer in the settlement had last week one hundred and ninety acres of speltum grain and crops of one hundred acres and over by no means uncommon. The land in the settlement being rolling the crops are matured quickly. Barley was in nearly all cases ready last week and from appearances wheat would be in prime condition early the present week, the oats coming in rapidly on the heels of the wheat harvest.

## NEW GOVERNMENT DRAIN.

Work is in progress on a large drain being dug under the direction of the local government from the flats a few miles east of Fort Saskatchewan. The purpose of the drain is to remove the water from the low level near the old creamery station six miles east of the Fort, for the disposal of which the local government has been unable to find a satisfactory outlet. The drain runs along the south side of the correction line to a point about three-quarters of a mile east of the village and then crossing the road runs due north to the river. The ditch is being made about five feet deep at the bottom with sloping sides and should be capable of draining the flat surface of the flats. It is now at work on the drain last week and operations were under way for about two miles. The drain has to be made even yet and two bad creeks forced to circumvent the impassable chasms in the roadbed. With the completion of the drain, however, a new order of things should be inaugurated and this much travelled road made passable in all seasons.

## PLAYING WITH POWDER.

Vanleek Hill, Ont., Aug. 22.—Herbert Beaton, 12 years of age, died today at the home of his father, Matthew Beaton, Derby avenue, as the result of an explosion of gunpowder. His little brother, Douglas, was also seriously injured. About 15 boys gathered on Tuesday afternoon in Mr. R. Thistlewaite's grove to play at war. They built a fort, clubbed together, and purchased 50 cents worth of gunpowder. This was placed in a position to blow up the fort. The injured child was being made about five feet deep at the bottom with sloping sides and should be capable of draining the flat surface of the flats. It is now at work on the drain last week and operations were under way for about two miles. The drain has to be made even yet and two bad creeks forced to circumvent the impassable chasms in the roadbed. With the completion of the drain, however, a new order of things should be inaugurated and this much travelled road made passable in all seasons.

## JUDGE ROULEAU'S FUNERAL.

Calgary, N. W. T., Aug. 30.—The funeral of the late Judge Rouleau was held this morning. The body came from Montreal, Quebec, by the Canadian Pacific Limited. St. Mary's church was filled with mourners. Father Ledue preached the funeral sermon and spoke of the good life the dead judge had led and his untiring devotion to church duties. Interment was in the mission cemetery, the pall-bearers being Judge Scott, Senator Longhead, Mr. N. B. Beck, N. C. Mr. James Muir, K. C. Mr. P. J. Nolan, Mr. Jos. Limoges and Mr. Jos. Harkley. Rev. Le Marchand read the burial service. Mr. James Muir represented the Northwest government and Mr. George Roy, Edmonton, registrar of the land titles office, represented St. Jean Baptiste society.

The following telegraphic item from Montreal shows a lurid light on the progress of the war in the Philippines: In the city there are no fewer than 10,000 effective soldiers, and it has been decided to increase that number by four companies of infantry. The official reason for the increase is that the guard duty is too heavy for the present force.

## MACLEOD.

Advance, Aug. 27.—Harvesting operations are in full swing in the district.

A. L. Furman, of Cardston, will go into the Edmonton district next spring with a band of horses where he will engage in the business of breeding these animals.

Died—At the ranch, Meadow Creek, on Thursday, August 22nd, Margaret Elizabeth, infant daughter of Mr. and Mrs. W. B. Stewart, aged five months and four days. The funeral, which was attended by a large number of friends of the bereaved parents, was held from the Presbyterian manse on Saturday afternoon, at 2 p. m.

## MANITOBA TOWNS.

Ottawa, Aug. 21.—The following are some of the towns in Manitoba, as taken from the recent census compared with 1891:

	1891.	1901.
Virdee,	608	901
Portage la Prairie,	3,363	4,141
Neepawa,	1,074	1,118
Morris,	386	407
Emmerton,	669	811
Rapid City,	513	569
Gladstone,	378	731
St. Boniface,	1,553	2,424
Minnedosa,	614	1,052
Birtle,	338	466
Carberry,	1,023	

## ST. ALBERT.

L. Boudreau has again taken charge of the Astoria Hotel.

E. Chervigny is building a large addition to his hotel.

Harvesting is well under way and the weather could not be better.

Big lake is teeming with ducks, and since the shooting season opened, has been a favorite haunt of hunters of the feathered game.

Am Oklahoma editor who is a deep thinker, has fixed a table of rates for publishing things "not as they seem," as follows: "For calling a man successful citizen when everyone knows he is a liar than a government mule, \$2.75; referring to a deceased citizen as one who is sincerely mourned by the entire community when we know he will only be missed by the poker circles, \$1.08; referring to some gallivanting female as an estimable lady whom it is a pleasure to meet, when every business man in town would rather see the— coming, hoof, horse, and all, \$3.19; calling an ordinary pulpit reader an eminent divine, 90 cents; sending a tough singer to heaven with poetry, \$5.00."

## BICYCLE LIVELY.

We keep a lot of first class wheels to rent by Hour, Week, month or year at reasonable rates.

## BICYCLE SUNDRIES.

We carry a full line of accessories for bicycles, and all orders by mail get our best attention.

## REPAIR SHOP.

While we make a specialty of bicycle repairing we also repair typewriters, Sewing Machines, Umbrellas and Guns. Gun repairing done by practical gunsmith.

## BICYCLES.

We sell the Cleveland and have reduced our prices. Also give next years terms "O good marks."

## SECOND-HAND WHEELS.

We have in stock now twenty one second-hand wheels of high grades which we will sell at the following low prices to clear out this line before September 30th.

One Chief Factor, good repair, \$10.00  
One Marquis, good repair, 10.00  
One Fleet'g, ladies', good repair, 18.00  
One Oxford, good repair, 20.00  
One Crescent, good repair, 30.00  
One Arlington, good repair, 25.00  
One Rambler racer, good repair, 35.00  
One Branford racer, good repair, 30.00  
One Sterns ladies, good repair, 25.00  
One Sterns Gents, good repair, 40.00  
One Rambler Ladies, good repair 35.00  
One Garden City, good repair, 20.00  
One Cleveland, nearly new, 40.00  
One Cleveland, new tires, 25.00  
One Dominion, ladies good repair 12.00  
Two Ideal, Ladies, each 22.00

And four others. All these wheels are in good condition and all we ask is an inspection. Easy terms to good marks.

## FOR SALE.

Our bicycles business is for sale which accounts for our reductions on bicycles and sundries.

Any person or persons who are desirous of starting in this line will do well to purchase our up to date plant and stock.

Our business in this line is well established and our stock well assorted. Correspondence solicited.

## "Economy."

Some People look at Price only.

Quality and Price Both Right is True Economy.

If you can buy a Range once that will last a lifetime (and a long one) you put money into your pocket and save repair bills.

The perfection of all Ranges is reached in the Range that will work equally well with soft coal or wood; bake, roast, broil, seethe or fry to perfection; heat all the water you need almost instantly; properly used last a lifetime, and save its cost prices.

## Majestic Malleable Iron and Steel Range

does all of it, and will not clog with ashes and clinker, allow smoke and heat to escape into the kitchen, crack or break, or subject you to the expense and annoyance of every other Range.

Made of MALLEABLE IRON and best open hearth cold-rolled steel, 10 to 50 per cent heavier throughout than any other Range. Flues lined with pure asbestos, and the entire Range riveted with the best Norway iron rivets. Air-tight and dust-tight. This explains why a Great Majestic Range will do its work in half the time, and with half the fuel.

Granite and Tinware, best assortment. \* Cooking Utensils of all kinds

It Pays to Buy at Ross Bros.

## Horses for Sale.

I will arrive in Edmonton on Thursday, August 29th, with a car of work horses, all broken.

JOHN OWENS.

## BEAVER HILLS

Harvest has commenced in the district, though it will not be general till next week. The crops here are excellent, and if the present fine weather continues our farmers will have a bountiful harvest.

The new Methodist pastor, Rev. Mr. Aitch, arrived on this field three weeks ago. The services have been somewhat irregular lately, but now they will be held at the usual time each Sunday.

School has been open for three weeks with a good average attendance considering that it is harvest time.

Rev. Mr. Vetter has been away for a week holding services in Stony Plain. Every Wednesday evening, though the membership is small, we have a good society and good interesting meetings in consequence.

The creamery is still working, there has been a drop in the amount of cream offered.

Aug. 31, 1901.

## BEAVER LAKE EAST.

Green corn of a native variety was in here on the 15th.

Harvest began some time since. The outlook is good. More Indians are coming in, more wire fencing has been put up, and other signs of advancement are visible.

When the mail arrived on the 2nd a great deal of it was wet and in a bad condition. However, as this trip was the first after several cloud-bursts, etc., we felt in a forgiving mood towards the driver. But, when the mail came on the 15th, and papers, magazines, etc., were in a deplorable condition, we felt that the resources of the English language alone were unequal to the occasion. The driver could have brought everything through dry had he so wished, and it is an outrage that he didn't. The fact is he doesn't seem to care. The amount paid for carrying the mail out here is, very small indeed, and the carrier got it all.

Aug. 29, 1901.

## PARADISE HILL.

Several farmers are cutting wheat and harvest will be general next week. Many are experiencing a difficulty in getting two.

The Threshing Co. are repairing their engine in Edmonton.

Rev. Aitch has entered on his duties in this circuit.

Rev. McEllen is still conducting services for Rev. Mr. Forbes.

Mrs. John Armstrong was the guest of her sister-in-law, Mrs. Joe Smith, last week.

Prof. Kerr, teacher of Strathcona, is missing his friend, Jas. Hill.

Aug. 30, 1901.

## WHITFORD.

Genl. Watt leaves to-day en route to the Duke's reception at Calgary.

August has been a very sunny month, and ranchers are getting an abundance of fine hay.

But unfortunately there are twenty-five cents the 12 quart pail and the market was dull at this figure.

Geo. Harper, Esq., of Paken, is suffering from rheumatism.

The roads are again passable.

Garter snakes 7-12 feet long are among our abnormal growths of this season.

Whitford lake is lowering.

Lamp jaw is reported to be prevalent here, of a genuine kind.

Aug. 30, 1901.

## WETASKIWIN.

Thunder storm east of town on Sunday night with some rain.

Another barber is opening up in a portion of the Criterion Hotel.

Mr. West is now making progress with the extension of his store.

The new church east of this railway is making rapid progress.

Harvest is now in full swing and crops are turning out very fine.

Messrs. Compton & Co. have moved into their new store and are now ready for business.

The new ice cream parlor is doing quite a large volume of business during the hot weather.

We understand Mr. Mayberry, the gardener, will shortly move into Mr. Currier's old store.

We regret to have to report the death of Mr. Farley's boy, which took place on Thursday last.

The funeral was on Saturday morning.

Mr. Robert Ferguson has sold out his interest in the flour mill to Mr. Ritchie, of Strathcona. His house on Black street, was also included in the sale.

Mr. W. A. Stoenberg, who has lately been suffering from rheumatism, is now in bed.

Being to the quantity of water on many of the hay meadows during the beginning of the very first summer many farmers are only now being urged to cut their hay. Mr. Roden on Saturday last and they are now at work on his land.

A new line of carpenters and others interested in the affairs of the village is called for Monday evening.

Mr. H. J. O'Connell, present in Herie's hall for the purpose of organizing a fire brigade and also for the purpose of the town, is also present.

Mr. H. J. O'Connell, present in Herie's hall for the purpose of organizing a fire brigade and also for the purpose of the town, is also present.

## MANITOBA MARKETS.

Commercial, Aug. 31.

There has been a little doing during the week in Manitoba wheat for September delivery, but there is no disposition to push business and owing to the weather threshing has been prevented and movement delayed. Next week the grain companies will open all their elevators at country points and if the weather is favorable for threshing the new season's business will begin in earnest. Sales have been made during the week mostly at the 1st hand in store, Fort William. September delivery, although 60c was best price on at least one day. At the close yesterday 69 1/4 to 69 1/2 was value. Some sales have been made of 64 basis 1 hard taking in 1 northern at 2c less. Other grades are not quoted yet.

Country wheat.—The market for new wheat has hardly opened yet and prices are only nominal.

Oats.—The first car of new Manitoba oats was unloaded here on Thursday. They were a good sample of No. 2 white. A good deal of correspondence has passed between buyers and sellers this week and shipments will be more liberal next week. The general idea of values for immediate shipment is 25c to 26c per bushel for best grades on track at country points. Today's quotation, track, Winnipeg, is 36c per bushel for No. 2 white or better. Old stocks bought at high prices are being rapidly closed out and the market is expected to drop as soon as new oats begin to arrive in quantity. Some dealers have been buying this week for shipment east on a basis of 22c per bushel for No. 2 white or better at country points early September delivery, and we quote 20 to 22c as the basis for such business.

## THE C. N. R.

Free Press, Aug. 30.—Mr. D. D. Mann, who is in Winnipeg, informed a Free Press reporter:

"We anticipate a completion of the line by Oct. 15," said Mr. Mann. "The first train over the Rainy river bridge will be in on Monday next." Our bridge over the Red River from Winnipeg to St. Boniface will be finished in about a month, and about two-thirds of the Rainy lake bridge is finished. We have practically all the grading completed through to Port Arthur, and steel is being laid at the rate of three miles per day. There are now 170 miles of steel laid from Port Arthur west and the same number east of Winnipeg. The whole distance being 437 miles, that leaves us 97 miles more to finish."

"Are you having any difficulty getting in rails?"

"Not in this section," said Mr. Mann, "but on the prairie section towards Prince Albert some trouble is being experienced, and the amount of line to be laid depends on the amount of rails we can get."

Mr. Mann states that no difficulty is anticipated in handling this season's crop. The new rolling stock has not yet arrived, but the cars are expected during the coming month.

As to any further extensions than those already outlined from what Mr. Mann indicated nothing further will be attempted. Asked as to the company's intention in the Gladstone-Neepawa division, he was non-committal, stating that nothing had been decided upon.

## THE TERRITORIAL WOOL CLIP.

Commercial.—A. Leadlay, of H. & A. Leadlay, hide and wool dealers, Winnipeg, has returned from the Northwest Territories. Mr. Leadlay has been visiting the sheep ranches of Western Assiniboia and Alberta for the purpose of buying the wool clip of last spring. Owing to the low price of wool this year ranchers have been indifferent about selling as many of them feel that by holding back they may realize better prices than have so far been offered. Mr. Leadlay was practically the only buyer in the market this season. He estimates that the total clip amounting to about 630,000 is still held by the ranchers. The price paid for the wool bought ranged from 8 to 8 1/2c per pound, point of shipment.

## KOOTENAY PRICES.

Commercial, Aug. 31.

Potatoes held at \$20 per ton. Creamery butter is firmer. Cheese is 1-2c lower at 11c. Dairy butter is 1c higher.

Butter—Fresh Manitoba creamery, 16c to 18c; Dairy 16c.

Eggs—19c.

Oats—Per ton, \$37.

Milled—Bran, \$30; shorts, \$22 per ton.

Flour—Manitoba patent, \$5.10.

Potatoes—New, \$20 per ton.

## GREAT NORTHERN DISASTER.

Spokane, Wn., Aug. 30.—It is reported here that a disastrous week occurred recently on the Great Northern forty miles east of Kalispell, Montana. Seventeen people are reported killed.

The Klondike is expected to produce 20 to 25 millions in gold this season.

## A Shocking Calamity.

"Lately befell a railroad laborer," writes Dr. A. K. Kellie, of Wilford, Ark. "His foot was badly crushed, but Bucklen's Arnica Salve quickly cured him. It's simply wonderful for Burns, Boils, Piles and all skin eruptions. It's the world's champion healer. Care guaranteed. 25c. Sold by D. W. McDonald, Druggist."

## A Night of Terror.

"Awful anxiety was felt for the widow of the brave General Burnham of Meschia, Me., when the doctors said she would die from pneumonia before morning," writes Mrs. S. H. Lincoln, who attended her that fearful night, but she begged for Dr. King's New Discovery, which had more than once saved her life, and cured her of Consumption. After taking, she slept all night. Further she entirely cured her. This marvellous medicine is guaranteed to cure all Throat, Chest and Lung Troubles. Only 50c and \$1.00. Trial bottles free at McDonald's drug store.

PUBLIC NOTICE is hereby given that tenders will be received up to noon on Tuesday, the 1st day of October next, for the purchase of a certain portion of the South West quarter Section 42, Township 54, Range 22, West of the 4th Meridian, containing 25.50 acres. The tenders must state the price per acre which the tenderer is prepared to pay for the land in excess of the upset price of \$10 per acre. Tenders should be addressed to the Deputy Minister of the Interior at Ottawa and marked "Tender for purchase of part of 32-54-22, West 4th M." Each tender must be accompanied by an accepted cheque on a chartered bank for the total amount offered for the 25.50 acres in excess of the upset price of \$10. The highest or any tender will not necessarily be accepted. No tender by telegraph will be entertained. A plan of the land to be disposed of can be seen at the office of the Agent of Dominion Lands at Edmonton and at the different Post Offices in the vicinity of Fort Saskatchewan.

PERLEY G. KEYES, Secretary, Department of the Interior, Ottawa, August 16th, 1901.

## NOTICE

## ORDER-IN-COUNCIL.

Vaccination of Children Attending School.

Regina, Tuesday, June 12, 1901.

Under the provisions of The Public Health Ordinance with respect to compulsory vaccination and in view of the existence of small pox in various portions of the Territories, His Honour the Lieutenant-Governor, by and with the advice of the Executive Council, has been pleased to Order that, on and after the First day of August next, every pupil attending any school conducted under the School Ordinance be vaccinated, unless such pupil gives satisfactory proof of recent vaccination.

JOHN A. REID, Clerk Executive Council.

The Medical Health Officer will attend at the Town Hall, Edmonton, on Wednesday, the 14th inst., at 10 a. m., and also at the same place and hour on the three following Saturdays to administer free vaccination to children of Town residents.

By order, GEO. J. KINNAIRD, Secretary-Treasurer.

## The Local Improvement Ordinance.

Notice is hereby given that, under the provisions of Section 66 of The Local Improvement Ordinance, the Honorable Mr. Justice Scott has appointed Wednesday, the 27th day of October, 1901, at 10 o'clock a. m., at the North-West Mounted Police Barracks in Fort Saskatchewan for the holding of a Court for confirmation of the returns made under Section 31 of Chapter 73 of the Consolidated Ordinances, 1898, in respect of the following Local Improvement Districts, viz:

Local Improvement Districts Nos. 2, 17, 23, 31, 40, 43, 49, 44, and 46.

Dated at Regina, this 18th day of July, 1901.

J. S. DENNIS, Deputy Commissioner of Public Works.

## Twelve Million in Force.

The Great West Life Assurance Company has, from its inception, pursued a most conservative course with regard to its Reserves, realizing the importance of fully safeguarding the interests of its policy-holders and making provision that affords undoubted security for carrying out all contracts entered into and until two years ago was the only Canadian Company adopting the stricter standard. This course was wisely directed is evidenced by the fact that the Canadian Government has, since January, 1900, required from all Companies a higher standard of Reserve, proving the sound policy of the Great-West Life.

In addition to creating an ample Reserve, there are two other factors of vital importance to the policy-holders, namely, the safe and the remunerative investment of the funds. That this Company can give the best fact that it does not carry one dollar's worth of property under mortgage, is sufficient to show that its investments have been made. While this successfully handling its funds, it has been able to earn a higher rate of interest than any other Company, justifying its claim to be the best Company for policy-holders and proving it worthy of the recommendation of its friends.

The great western country of Canada is acknowledged by all to be the most favorable field for the investment of money provided the investor is experienced and possesses a thorough knowledge of the country. The Great-West Life is fortunate in having on its Board of Directors many of the leading and most experienced and successful investors of capital in the West.

The fact that the Great-West Life Assurance Co. earns two per cent. more interest on its funds than any other Company doing business in Canada, has explained why it can, at the same time, charge a lower premium and return to its policy-holders a greater dividend than any of its competitors.
